To whom it may concern,

My name is John Wright. I presented Norman Skeens with a difficult case and very little information to go on. Norman took the case and managed to track down information about the defendant and her insurance information. Even after presenting the insurance with medical records and substantial medical bills, the insurance company refused to accept liability. After some hard work and intense negotiating, Norman managed to get the policy limits from them and then managed to get even more from my underinsured coverage.

My experience with Norman Skeens and Skeens & Anderson has been a very good one and I am very pleased with the outcome and with Norman's work. I would recommend Norman to anyone that needs a great attorney.

Sincerely,

John Wright
